

Locating Instruments, Controls, and Devices

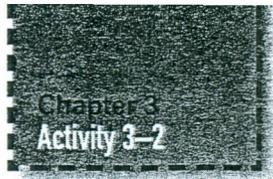

Sit in the driver's seat of a parked car with a licensed adult (parent, relative, friend, driver-education teacher). Have the adult read each item listed below while you locate it. Continue until you can locate all of the items on the vehicle correctly. Check the box once you have located an item. When you have completed the list, have the adult sign and date the sheet. Return the completed list to your instructor.
